

## City of Orlando Wastewater Division

### **Reclaimed Water System Design and Construction Specifications**

#### **Index of Sheets**

<u>Sheet No.</u>	<u>Title /Description</u>
RGN-1	Reclaimed – General Notes
RGN-2	Reclaimed – General Notes (Cont'd)
RGN-3	Reclaimed – General Notes (Cont'd)
RGN-4	Reclaimed – General Notes (Cont'd)
RGN-5	Reclaimed – General Notes (Cont'd)
R-01	Sign Post Installation
R-02	Typical Residential Utility Layout – Single Service Connections
R-03	Residential Service Connections
R-04	Commercial Above Ground 2" Reclaim Water Meter Installation Detail
R-05	Commercial Service Connection – Above Grade – 3" And Larger
R-05A	Commercial Service Connection – Above Grade – 2" Or Smaller
R-06	General Slab Design & Bollards
R-07	Pipe Supports
R-08	Pressure Gage Installation
R-09	Trenching with Type A Bedding
R-10	Trenching with Type B Bedding
R-11	Trenching in Paved Areas
R-12	Concrete Pipe Encasement
R-13	Casing Pipe Spacers
R-14	Casing Pipe
R-15	Horizontal Separation Requirements (F.A.C. Rule 62-555.314)
R-16	Vertical Separation Requirements
R-17	Crossings or Obstructions
R-18	Utility Conflicts
R-19	Air Release Valve Installation – Above Grade
R-20	Combination Air and Vacuum Release Valve – Below Grade
R-21	Buried Valve Box Setting
R-22	Valve Box Collar
R-23	Detector Ball Location Detail
R-24	Pipe Identification
R-25	Pipe Warning Tape
R-26	Restrained Ductile Iron Joints
R-27	3" - 24" Standard Tapping Assembly
R-28	Dead End Blow-Off Valve Installation
R-29	Temporary Blow-Off Installation
R-30A	Silt Fence
R-30B	Curb and Gutter Sediment Barrier
R-30C	Silt Fence Drop Inlet Sediment Barrier
R-30D	Curb Inlet Sediment Barrier
R-30E	Attaching Two Silt Fences / Proper Placement of Straw Bale Barrier in Drainage Way
R-30F	Straw Bale Barrier
R-30G	Drop Inlet Sediment Barriers
R-30H	Filter Fabric Drop Inlet Sediment Filter
R-NEW	Non-Commercial Reclaim Water Meter Installation Detail for 2"
