

Choosing Your Plan

Love your smile

DeltaCare® USA and Delta Dental PPO™ City of Orlando 2024

Your company lets you choose between two dental plans from Delta Dental. Either way, you'll get reliable dentist networks, affordable preventive care and a healthy smile that you'll love to show. Your options are:

DeltaCare USA Comprehensive Plan

Under this HMO-type plan from Delta Dental Insurance Company, you'll have your choice of skilled primary care dentists from the DeltaCare USA network. Select a primary care dentist, who will then coordinate any needed referrals to a specialist.¹ Covered services provided by your DeltaCare USA dentist have preset copayments (dollar amounts), which are listed in your plan booklet. There are no maximums or deductibles for covered services.²

Delta Dental PPO

This preferred provider plan offers the convenience and flexibility of visiting any licensed dentist, anywhere. Covered services are paid based on a percentage — if, for example, fillings are covered at 80%, you pay the remaining 20%. Get the most plan value by choosing a Delta Dental PPO dentist.

¹ In WY, you do not need to select a primary care dentist, but you must visit a network dentist to receive benefits. In the following states, you can maximize your savings when you visit a network dentist, although you may visit any licensed dentist and receive out-of-network coverage: AK, CT, LA, ME, MS, MT, NC, ND, NH, OK, SD, VT. Refer to your plan booklet for details about your out-of-network benefits.

² Refer to your plan booklet for more information about covered services, deductibles and maximums.

Standard Limitations – Delta Dental PPO and Delta Dental Premier plans

- (1) Services that are more expensive than the form of treatment customarily provided under accepted dental practice standards are called “Optional Services”. Optional Services also include the use of specialized techniques instead of standard procedures.

Examples of Optional Services:

- (d) porcelain, resin or similar materials for crowns placed on a maxillary second or third molar, or on any mandibular molar (an allowance will be made for a porcelain fused to high noble metal crown); or
- (e) an overdenture instead of denture.

If an Enrollee receives Optional Services, an alternate Benefit will be allowed, which means Delta Dental will base Benefits on the lower cost of the customary service or standard practice instead of on the higher cost of the Optional Service. - b) When a panoramic film is submitted with supplemental film(s), Delta Dental will limit the total reimbursable amount to the Provider’s Accepted Fee for a complete intraoral series.

Frequently Asked Questions

What you need to know about your DeltaCare USA plan

Getting started

1. How do I enroll in a DeltaCare USA plan?

Simply complete the enrollment process as directed by your benefits administrator.

2. How do I get started using my DeltaCare USA plan?

Once we process your enrollment, we'll mail you welcome materials that will include:

- **The name, address and phone number of your selected primary care dentist:** Simply call the dental facility to make an appointment. **Important note:** In order to receive benefits under your plan, you must visit your primary care network dentist for all services. If you require treatment from a specialist, your primary care dentist will coordinate a referral for you. You can change your primary care dentist by contacting us.
- **Your Evidence/Certificate of Coverage (plan booklet):** This useful document provides a thorough description of how to use your benefits, including covered services, copayments and any limitations and exclusions of your plan.
- **An ID card:** This card is for your records only — you do not need to present it in order to receive treatment.

3. How long will it take to get an appointment with my primary care dentist?

Two to four weeks¹ is a reasonable amount of time to wait for a routine, non-urgent appointment. If you require a specific time, you may need to wait longer. Most DeltaCare USA dentists are in private group practices, which generally offer greater appointment availability and extended office hours.

4. How much will my dental treatments cost?

How do I pay?

With your DeltaCare USA plan, some services are covered at no cost, while others have a copayment (amount you pay) for certain services. To find out how much a treatment will cost, refer to the "Description of Benefits and Copayments" in this brochure for a list of covered services and copayments. It's a good idea to bring your Evidence/Certificate of Coverage to your appointment in case you need to discuss your copayment for a service with your dentist. If you have any questions about the charges for a service, please contact Customer Service. If you receive treatment that requires a copayment, simply pay the dental facility at the time of service.

Choosing a dentist

5. How do I select my primary care dentist?

You can select your primary care dentist by contacting Customer Service at **800-422-4234**. To search for a dentist, use the "Find a Dentist" tool at deltadentalins.com and select the DeltaCare USA network.

6. Does everyone in my family have to choose the same primary care dentist?

No. Each family member can select his or her own primary care network dentist.²

7. Can I change my primary care dentist?

Yes. You can request to change your primary care dentist at any time. Simply visit our website and log on to your online account or call or write to Customer Service. Changes received between the first and 15th of the month are effective immediately. Changes received on the 16th through the end of the month will be effective on the first of the next month.

¹ In TX, three weeks is a reasonable amount of time to wait for a routine, non-urgent appointment. In TX, there is no limit on the number of miles or on the dollar amount per emergency.

² In MA, you cannot select more than three primary care dentist facilities per family.

8. My dentist says she is a Delta Dental dentist, but she isn't listed in the DeltaCare USA directory. Can I still visit her for services?

No. You must visit your selected primary care network dentist to receive benefits under this plan. Delta Dental has many networks, and participation may vary — not all Delta Dental dentists are DeltaCare USA dentists.

9. What should I do if I need to see a specialist?

If you require specialty dental care — such as oral surgery, endodontics, periodontics or pediatric dentistry — contact your primary care dentist to request a referral. Specialty dental services not performed by your selected primary care dentist must be authorized by us. You are responsible for any applicable copayments.

General plan information

10. If I'm traveling, is emergency treatment covered under my plan?

You and your eligible dependents have out-of-area coverage for dental emergencies when you are more than 35 miles³ from your primary care dentist. Your out-of-area emergency benefit (typically limited to \$100 per person⁴) is for services to relieve pain until you can return to your primary care network dentist. Standard plan limitations, exclusions and copayments may apply.

11. Can I access my plan online?

Yes. Visit deltadentalins.com to create a free, secure online account. You can access your plan benefits and ID card, select (or change) your primary care dentist and more.
